Experience

Cimarron Software Services

08/87 – Present

Project Manager, Cimarron Products Organization

06/99 – Present

PMP Project Manager in an SEI CMMI Level 3 organization; directed the successful implementation and support of several commercial and internal business data driven applications.

- Guide all teams through full product lifecycles and provide technical guidance and assistance as needed.
- Manage scope, effort / cost, schedule, and quality, while continuously identifying and mitigating underlying risks.
- Collaborate with stakeholders to elicit and review Requirements and Design.

- Oversee development, test, deployment, and support. Communicate status with stakeholders, and resolve issues in a timely manner.
- Key player in process development and improvement, as well as successful audits, assessments, and appraisals:
 - ISO 9001 certification (2001)
 - SEI/CMM Level 3 Assessment (2003)
 - SEI/CMMI Level 3 Appraisals (2007 and 2010)

Non-Management task from 05/09 – 08/09:

- Successfully designed and developed a multi-threaded client/server test harness in Java and XML.
- Sends and receives commands and telemetry between Mission Control Centers at NASA JSC and Orbital Sciences.

Sr. Software Developer, Commercial Products

04/97 – 05/99

- Senior developer of commercial strategic planning tools for school administrators and school districts.
- Wrote VB and VBA code in Visual Studio, Microsoft Access, Word, and Excel.
- Provided technical direction for design, database development, programming, testing, and support.
